

BEFORE YOU ENLIST

THINK ABOUT THIS

The Military Wants You for War

Their priority is not your career. Since 9/11, a million Americans have been sent to war.

War Is Hell

One in five Iraq Vets reports being responsible for civilian deaths. One in six has Post Traumatic Stress Disorder.*

It's on Your Conscience

Have you ever killed anyone? Have you ever seen anyone killed? Are you ready to kill?

The Church Supports Objection to War

Based on the ancient teaching *Ecclesia abhorret a sanguine*, the Church abhors bloodshed.

Jesus Refused to Kill

Can you follow his example in the military?

Are you signed up for the DEP but have changed your mind? DO NOT report for basic training, no matter what your recruiter tells you. To discuss this and other options, call a Catholic Peace Fellowship counselor at 574.232.2295.
